

Myrtle Beach Chapter of the Penn State Alumni Association

The Myrtle Beach Chapter of the Penn State Alumni Association is a local organization of more than 200 members living along the Grand Strand. It was formed in 2010 to unite graduates and all people who have an affinity for the university and want to help make the Grand Strand a better place to live, work and raise families. It is the largest alumni association on the Grand Strand.

Since its inception, the chapter has focused its efforts on supporting several local charitable organizations, contributing to an improved quality of life for all who live on the Grand Strand. Its numerous year-round events raise thousands of dollars for its charitable work.

The chapter has an annual fund-raising goal that now includes the following local causes:

- **Jason's House** – supports cancer-stricken children and their families; provides all-expense-paid week-long vacations in Myrtle Beach for families from South Carolina, North Carolina, Virginia, and Georgia.
- **Tara Hall Home for Boys** – shelters and educates neglected, troubled and abused boys; helps them develop moral character, social, educational and life skills;
- **Backpack Buddies** – provides nourishing food, on a daily basis, for Horry County children who otherwise would not have adequate food to eat.
- **Toys for Tots** – work with the U.S. Marine Corps Reserve to collect new toys, books, games and sports equipment to brighten Christmas for less fortunate children.

The Chapter also supports THON, the world's largest on-campus philanthropy that is committed to fighting childhood cancer. Through all these efforts, the Myrtle Beach Chapter of the Penn State Alumni Association makes an enormous impact on the lives of people and the quality of life along the Grand Strand and has risen in the ranks of Penn State Alumni Groups of Distinction, now standing among the upper tier of Alumni groups in the state and nation.
